

HY2426

Mobile // Tilt in Space // Dual Motor //
Lift & Recline // Standard //

This dual motor tilt-in-space lift and recline has all the benefits of a tilt-in-space product with the inclusion of independent backrest operation for optimum comfort.

This model also has the addition of large castor plates front and rear to allow for large 75mm castors to be added for ease of movement between locations or rooms. The plates are designed such that they fit neatly in to the design of the chair maintaining the standard seat height offering of 460mm when a seat box and foam is added to create the seat pad.
